

# Trus

High Flyer

A full-page photograph of an aerial gymnast in a black leotard and fishnet stockings, suspended in a graceful pose by a black fabric. To the left, a large, black, sculptural frame of a Trus task chair is visible, featuring thick, curved, interlocking bars. The background is a soft, out-of-focus sky with warm, golden light.

*“Trust fosters our ability to handle the unknown by establishing within us an inner power that creates coherence and self-confidence between us and our surroundings.”*

*Conversation with aerial gymnasts from Cirque du Soleil*

## Trust Elevates with Trus

Trus is a remarkable new task chair that elevates our coherence, self-confidence and trusted collaboration in work environments.

Inspired by the aerial gymnastic corde lisse, Trus features a beautifully unique aerial back with an elegant, delicate framework. Strong and exceptionally flexible, it’s designed to adapt while supporting the spine, for seated postures that adjust as work activities change. The advanced intuitive seat recline functions for optimized comfort. You can trust in Trus.

With Trus, enjoy unparalleled comfort.

## Appealing Workplace

Trus helps you achieve a functional and comfortable workplace. Featuring a well-designed task chair that you'll adore, Trus fits naturally in all environments, its modern, appealing design and high

performance functionality adapting to your needs and work style. The well-thought-out environment creates a change of positive and delightful reaction.

## Wellness Working

For workplace wellbeing, Trus is ergonomically designed for optimizing your comfort. The height adjustable bench presents the ideal setting for focused, engaged and productive work, where wellness and comfort are key.

## Comfortable Collaboration

Trus eases collaboration, increasing comfort through its fully-cushioned back seat quality upholstery for a pleasant and understated look. Harnessing communication and aiding interaction, it's ideal for casual dialogues or short discussions with partners, ensuring you're always satisfied.

## Paired for Workplace Harmony

Trus is up to every type of work challenge, from focused work to collaborative groups, perfectly integrating into modern office spaces. Stool or task seating, the light, stylish, simple aesthetics present elegant forms.

## Appealing Assembly

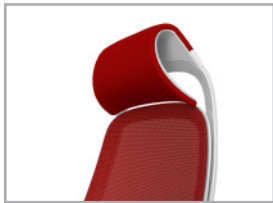

Luxury and modern styles combine, for an executive and managerial workspace focused on elegant aesthetics. The comfortable headrest, adjustable armrests and leather upholstery all underline the exclusive character of the chair.

## High Performance Family

Rich with options, Trus family features true comfort, intuitive functionality and high performance – mid to high back to executive chair, and stool, its enticing versatile family perfectly suited for beautiful spaces.

**Comfortable Headrest**  
Integrated headrest embraces in natural rested position, for adapted comfort.

**Dynamic Armrest**  
Three-dimensional adjustable arms adjust to height, width and depth, offering long-term support for comfortable positions.

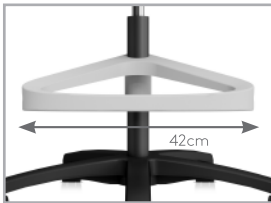

**Adjustable Lumbar Support**  
Transparent lumbar support features an adjustable aerial back, with relief clefts that adapt to the lower-back from lumbar to upper sacral. It supports the spine for true comfort.

**Weight Activated Synchronized Mechanism**  
Intuitive seat recline comfortable synchronizes for hands-free body movements.

**Adjustable Seat Depth**  
Effortless seat depth adjustment is for positioning forward or back in seconds. Seat cushion is molded from resilient foam for optimal comfort and durability.

**Relaxed Footrest**  
Footrest measures a wide 42-cm, relieving pressure and discomfort from long sedentary periods.

Trus High Back Task Chair with Headrest
